Secretariat:

Mr. AQUINO	}	Secretaries of the Committee
Mr. QUINTANA		

/ADOPTION OF

ADOPTION OF THE REPORT (E/CN.12/AC.43/10)

Mr. SIMPSON (United Kingdom), Rapporteur, read out his draft report (E/CN.12/AC.43/10).

Mr. D'ASCOLI (Venezuela), after congratulating the Rapporteur, said that the reference to nutritional levels on page 3 (line 7) should be strengthened to indicate how very low those levels were. Secondly, the words "other difficulties" on page 4 (line 11) should be deleted, so as to place more emphasis on the responsibility of outmoded institutions for hampering agricultural development. And thirdly, the passage relating to the efficient utilization of forests in the last paragraph on page 6 should mention the Committee's concern with conservation measures.

In conclusion, he expressed regret that the Committee's agenda had not permitted a proper discussion of the mining industry. He hoped that an opportunity for such a discussion would be provided at the next session.

Mr. CHAMORRO (Paraguay) said that Paraguay should be included in the list of countries represented in the Committee. He also hoped that the second paragraph on page 4 could be slightly reworded, at least in the Spanish text, to show that the desired objective was a redistribution of income expressly designed to benefit the rural population.

Mr. GALAGAN (Observer for the International Atomic Energy Agency) suggested the deletion of the second sentence of the introductory paragraph in the section entitled "Peaceful uses of atomic energy" (page 11). The figure cited in that paragraph might be misleading, for it referred to a number of specialists likely to be required after a build-up period of several years.

Mr. POMERS (United States of America) said that, since the establishment of the Inter-American Atomic Energy Commission had in fact been approved, the references to that body on pages 12 and 13, which suggested that it was still at the project stage, should be duly amended.

/Mr. GARCIA

Mr. GARCIA REYNOSO (Mexico) suggested that the expression "bilateral organizations" on page 5 (line 10) could be somewhat improved.

Mr. CARRERA (Peru) thought that the sentence beginning in line 14 on page 6 was not strictly accurate. It would be better to say that "a high percentage" of the funds concerned had been invested in economic development.

The CHAIRMAN said that all the suggestions made by representatives would be duly incorporated in the final text of the report.

He thanked the representatives for their co-operation in bringing the Committee's work to a successful close.

The draft report (E/CN.12/AC.43/10) was adopted unanimously.

The meeting rose at 1.45 p.m.
