CEPAL

Commission économique pour l'Amérique latine

Comité plénier

Dix-septième session

New York, 28 juin 1984

ORDRE DU JOUR PROVISOIRE

1. Election du Bureau
2. Adoption de l'ordre du jour
3. Rapport de la huitième session du Comité de coopération et de développement des Caraïbes (CDCC), Port-au-Prince, 6-12 juin 1984
  - a) Programme de travail du CDCC pour la période biennale 1986-1987
  - b) Divers
4. Questions à soumettre pour examen au Conseil économique et social des Nations Unies
  - a) Calendrier de conférences de la CEPAL
  - b) Décisions et recommandations adoptées par la CEPAL à sa vingtième session (Lima, 29 mars-6 avril 1984)
5. Demande formulée par le Gouvernement de El Salvador pour que ce pays soit considéré comme relativement moins avancé aux fins prescrites dans la résolution 2768(XXVII) de l'Assemblée générale.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that this is crucial for ensuring transparency and accountability in the organization's operations.

2. The second part of the document outlines the various methods and tools used to collect and analyze data. It highlights the need for consistent and reliable data collection processes to support effective decision-making.

3. The third part of the document focuses on the role of technology in data management and analysis. It discusses how modern software solutions can streamline data collection, storage, and reporting, thereby improving efficiency and accuracy.

4. The fourth part of the document addresses the challenges associated with data security and privacy. It provides guidance on implementing robust security measures to protect sensitive information from unauthorized access and breaches.

5. The fifth part of the document discusses the importance of data governance and compliance. It outlines the key principles and best practices for ensuring that data is managed in accordance with relevant laws and regulations.

6. The sixth part of the document concludes by summarizing the key findings and recommendations. It emphasizes the need for a holistic approach to data management that integrates all aspects of the organization's operations.

7. The seventh part of the document provides a detailed overview of the data collection process, including the identification of data sources, the selection of appropriate collection methods, and the implementation of data collection protocols.

8. The eighth part of the document discusses the various data analysis techniques used to extract meaningful insights from the collected data. It covers both descriptive and inferential statistics, as well as more advanced analytical methods.

9. The ninth part of the document focuses on the application of data analysis results to inform strategic decision-making. It provides examples of how data-driven insights can be used to identify opportunities, assess risks, and optimize organizational performance.

10. The tenth part of the document discusses the importance of data visualization in communicating complex information. It explores various visualization techniques, such as charts, graphs, and dashboards, and provides guidelines for creating clear and effective visualizations.

11. The eleventh part of the document addresses the challenges of data integration and interoperability. It discusses the importance of ensuring that data from different systems and sources can be seamlessly combined and analyzed together.

12. The twelfth part of the document discusses the role of data in driving innovation and growth. It highlights how data-driven insights can be used to identify new market opportunities, develop innovative products, and improve customer experiences.

13. The thirteenth part of the document concludes by emphasizing the ongoing nature of data management and analysis. It stresses the need for continuous monitoring, evaluation, and improvement of data management practices to ensure long-term success.

14. The fourteenth part of the document provides a final summary of the key points discussed throughout the document. It reiterates the importance of data as a strategic asset and the need for a data-driven culture within the organization.
