CONFERENCIA LATINOAMERICANA SOBRE LA INFANCIA  
Y LA JUVENTUD EN EL DESARROLLO NACIONAL

Auspiciada conjuntamente por la Comisión Económica para América Latina, el Instituto Latinoamericano de Planificación Económica y Social, y el Fondo de las Naciones Unidas para la Infancia, en cooperación con la Organización Internacional del Trabajo, la Organización de las Naciones Unidas para la Agricultura y la Alimentación, la Organización de las Naciones Unidas para la Educación, la Ciencia y la Cultura, y la Organización Mundial de la Salud

Santiago de Chile, 28 de noviembre al 11 de diciembre de 1965

LA INFANCIA Y LA JUVENTUD EN EL DESARROLLO NACIONAL

Informe presentado por el Gobierno de Argentina

Corrigenda

El cuadro siguiente reemplaza al que aparece en la página 48.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes the need for transparency and accountability in financial reporting.

2. The second part of the document outlines the various methods and techniques used to collect and analyze data. It includes a detailed description of the experimental procedures and the statistical tools employed.

3. The third part of the document presents the results of the study, showing the trends and patterns observed in the data. It includes several tables and graphs to illustrate the findings.

4. The fourth part of the document discusses the implications of the findings and provides recommendations for future research. It highlights the areas that need further exploration and the potential applications of the study.

5. The fifth part of the document concludes the study, summarizing the key points and reiterating the significance of the research. It expresses the hope that the findings will contribute to the understanding of the subject matter.

6. The sixth part of the document provides a detailed account of the challenges faced during the course of the study. It discusses the limitations of the data and the difficulties encountered in the analysis.

7. The seventh part of the document offers a critical evaluation of the study, assessing its strengths and weaknesses. It provides a balanced view of the research and its contribution to the field.

8. The eighth part of the document discusses the broader context of the study, relating it to existing literature and theoretical frameworks. It shows how the study fits into the larger picture of the discipline.

9. The ninth part of the document provides a final summary of the study, highlighting the key findings and the overall conclusions. It serves as a concise overview of the entire research project.

10. The tenth part of the document includes a list of references, citing the works of other researchers and scholars who have contributed to the field. It provides a comprehensive list of sources used in the study.

11. The eleventh part of the document contains a list of appendices, providing additional information and data that support the main text. It includes supplementary materials that are not essential for the main argument but are useful for a deeper understanding of the study.

12. The twelfth part of the document includes a list of figures and tables, providing a visual representation of the data and results. It includes detailed descriptions of each figure and table, explaining what they show and how they relate to the study.

13. The thirteenth part of the document contains a list of abbreviations and acronyms, providing a key to the symbols and terms used throughout the document. It ensures that the reader can understand the shorthand used in the text.

14. The fourteenth part of the document includes a list of footnotes, providing additional information and references that are not included in the main text. It allows for a more detailed discussion of specific points and provides a way to cite additional sources.

15. The fifteenth part of the document contains a list of references, providing a comprehensive list of sources used in the study. It includes books, articles, and other publications that have influenced the research and are cited in the text.

16. The sixteenth part of the document includes a list of appendices, providing additional information and data that support the main text. It includes supplementary materials that are not essential for the main argument but are useful for a deeper understanding of the study.

17. The seventeenth part of the document contains a list of abbreviations and acronyms, providing a key to the symbols and terms used throughout the document. It ensures that the reader can understand the shorthand used in the text.

18. The eighteenth part of the document includes a list of footnotes, providing additional information and references that are not included in the main text. It allows for a more detailed discussion of specific points and provides a way to cite additional sources.

19. The nineteenth part of the document contains a list of references, providing a comprehensive list of sources used in the study. It includes books, articles, and other publications that have influenced the research and are cited in the text.

20. The twentieth part of the document includes a list of appendices, providing additional information and data that support the main text. It includes supplementary materials that are not essential for the main argument but are useful for a deeper understanding of the study.

21. The twenty-first part of the document contains a list of abbreviations and acronyms, providing a key to the symbols and terms used throughout the document. It ensures that the reader can understand the shorthand used in the text.

22. The twenty-second part of the document includes a list of footnotes, providing additional information and references that are not included in the main text. It allows for a more detailed discussion of specific points and provides a way to cite additional sources.

23. The twenty-third part of the document contains a list of references, providing a comprehensive list of sources used in the study. It includes books, articles, and other publications that have influenced the research and are cited in the text.

24. The twenty-fourth part of the document includes a list of appendices, providing additional information and data that support the main text. It includes supplementary materials that are not essential for the main argument but are useful for a deeper understanding of the study.

25. The twenty-fifth part of the document contains a list of abbreviations and acronyms, providing a key to the symbols and terms used throughout the document. It ensures that the reader can understand the shorthand used in the text.
