

CEPAL/CARIB 79/7  
Date: 15 May 1979

ECONOMIC COMMISSION FOR LATIN AMERICA  
Office for the Caribbean

PROPOSED DATA BASE

The data series identified in this document should not be considered as being final. They are subject to change in the light of suggestions. A number of tables containing derived data have been omitted in the hope that the demand for these data will act as a catalyst to the development of an interface with the data base.

## 1 - DEMOGRAPHIC AND SOCIAL STATISTICS

### 1.3 DEMOGRAPHIC STATISTICS

Mid-year population.

Births.

Deaths.

Annual departures and arrivals by sex.

Occurrences of births.

Occurrences of deaths.

Occurrences of infant deaths.

Occurrences of still born by sex.

Birth rate, death rate and infant mortality rate.

Population by age groups and sex.

Population by parishes or districts.

Population density by parishes or districts.

Population in main urban centres by sex.

Number, sex and occupation of natural migrants.

Internal migrants of 14 years and over by sex, place of birth,  
place of residence and major occupation.

Normal country of residence of immigrants by sex.

Number of births and deaths by parishes or districts and by sex.

Population by literacy status and by parishes or districts  
(Population 14 years and over).

### HOUSEHOLD SURVEYS

Distribution of households by principal administrative area  
and type of facility owned or available for use.

Distribution of households by principal administrative area and  
type of tenure.

Distribution of households by principal administrative area and  
type of dwelling.

Distribution of households by average monthly income and  
occupational group of head of household.

Distribution of households by monthly average income and  
industrial group of head of household.

Average monthly household expenditure on selected food items.

1.5 LABOUR FORCE STATISTICS

- Size of labour force.
- Size of labour force employed.
- Size of labour force employed by age-groups.
- Size of labour force by employment status, sex and type of worker.
- Size of labour force employed by Central Government, Statutory bodies and city council or local government.
- Industrial accidents by type and industry.
- Industrial accidents by agency and industry.
- Industrial accidents by nature and industry.
- Industrial accidents by body part and industry.
- Industrial accidents by type and nature.
- Industrial accidents by type and body part.
- Industrial accidents by agency and nature.
- Number of recognized majority unions.
- Number of collective agreements registered by the industrial court or arbitration board.
- Number of work permits issued by sex and type of occupation.

1.7 HEALTH STATISTICS

- Number of medical doctors, dentists and nurses by sex.
- Number of public and private hospitals (including private clinics) and bed facilities.
- Number of patients admitted to public hospitals by sex and age.
- Number of doctors (medical), dentists and nurses employed by the Government on full-time or part-time basis.
- Number of non-national medical doctors, dentists and nurses employed by Government on full-time or part-time basis.
- Analysis of infectious diseases by type and frequency of occurrence.
- Deaths by major causes.

2 - ECONOMIC STATISTICS

2.1 NATIONAL ACCOUNTS

Gross domestic product by industrial origin - at current factor cost.

National income - at factor cost.

Gross domestic product by industrial origin - at market prices.

Gross domestic product by industrial origin - at constant prices - e.g. 1970 prices.

Per capita national income (at factor cost).

BALANCE OF PAYMENTS

Balance of payments, Summary Table.

Balance of payments, Analytic Summary Table.

Merchandise transactions.

Other transportation.

Travel.

Investment Income.

Private Sector - Investment Income.

Other Government.

Other Services.

Net unrequited transfers: Private.

Net unrequited transfers: Government.

Direct Investment Capital by Sector of Activity.

Central Government - Capital transactions.

Central Government - External Debt Operations.

Financing - Change in Foreign Reserves.

Commercial Banks: Foreign Assets and Liabilities.

2.2 AGRICULTURE, FORESTRY AND FISHING

Production of Major Agricultural Commodities.

Estimated Cost of Producing Major Export Agricultural Crops.

Major Export Crops by Acreage Planted.

Major Export Crops by Acreage Harvested and/or number of bearing trees.

Volume of Exports by Major Agricultural Commodities  
Value of Exports by Major Agricultural Commodities.  
Farmgate Value of Major Agricultural Commodities.  
Farmgate Unit Value (price) of Major Agricultural Commodities.  
Production of Vegetable Products (mostly for domestic markets).  
Acreage of Vegetable Crops Planted.  
Acreage of Vegetable Crops Harvested.  
Value and Volume of Vegetable Crops exported by type.  
Estimated Cost of Production of Vegetable Crops by type.  
Estimated Value of Vegetable Crops at Farmgate.  
Rural Market Unit Value (price) of Vegetable Produce.  
Urban Market Unit Value (price) of Vegetable Produce.  
Wholesale prices            ) urban + )  
Retail prices and            ) rural    ) of selected vegetable  
Guaranteed Market prices            ) crops.  
Production of Root Crops.  
Acreage of Root Crops Planted by Type of Crops.  
Acreage of Root Crops Harvested by Type of Crops.  
Estimated Cost of Production by Type of Crops.  
Volume of Root Crops Exported by Type of Root Crops.  
Volume of Root Crops Exported to CARICOM Markets.  
Estimated Value of Root Crops Exported to CARICOM Markets.  
Estimated Value of Root Crops at Farmgate by type of Crops.  
Rural Market Unit Value (price) of Root Crops by type of Crops.  
Urban Market Unit Value (price) of Root Crops by type of Crops.  
Volume of Commodities Exported Under the Agricultural Marketing  
Protocol to CARICOM Countries.  
Value of Commodities Exported Under the Agricultural Marketing  
Protocol to CARICOM Countries.  
Volume of Agricultural Marketing Protocol Commodities exported  
to extra regional markets.  
Value of Agricultural Marketing Protocol Commodities exported  
to extra regional markets.  
Population of Livestock by type of Stock.  
Estimated Value of Livestock by type of Stock (at end of year).  
Number of Animals slaughtered by age and type of Stock.  
Liveweight of Livestock for slaughter by age and type of Stock.

Output of local meat by kind of meat (Carcass).

Output of milk and eggs.

Rural Market Unit Value (price) of meat and eggs supplied by type.

Urban Market Unit Value (price) of meat and eggs supplied by type.

Size of fishing fleet registered by type of fishing vessel.

Fish landing by type of fish.

### TIMBER

Forestry products - Timber.

#### Means of production

Agriculture farm machinery.

Fertilizers (Consumption)

Nitrogen

Phosphate

Potassium

Number of farm machinery in use/service by type of equipment:

e.g. Tractors - large

Garden tractors

Harvesters/combine Harvester-Threshers

Milk machines.

### FORESTRY

Estimated tree population by type.

Number of trees felled by type, by year.

Number of trees planted (under reforestation programme) by ownership and type (species).

Area of national forests.

Area of productive forests.

Output and value of round wood by ownership and by broad classification of forest (coniferous, non-coniferous).

Volume and value of round wood imported.

Volume and value of round wood exported.

2.3 INDUSTRIAL AND CONSTRUCTION STATISTICS

Production of minerals mined by type.  
Volume of crude minerals exported by type.  
Value of crude minerals exported by type.  
Output of processed/refined minerals by type.  
Volume of processed/refined minerals exported by type.  
Value of processed/refined minerals exported by type.  
Value of processed/refined minerals imported under agreement  
e.g. Trinidad Petroleum Processing Agreement.  
Volume of minerals domestically consumed by type.  
Value of minerals domestically consumed by type.  
Total number of establishments engaged in mining operations.  
Total number of establishments in marine mining operations.  
Total number of establishments in land mining operations.  
Number of mining establishments by type of ownership (share capital).  
Total capacity of establishments in crude (mining) operations.  
Total capacity of establishments in processing/refining operations.  
Total refinery or processing capacity of establishments that are  
wholly foreign owned.  
Dates of commencement of mining operations by establishment.

INVESTMENT IN MINING

Annual Investment outlay in mining establishments by type.  
Public sector capital outlay in mining establishments by type.

EMPLOYMENT IN MINING

Size of labour force in mining activity (including refinery).  
Size of labour force in middle and upper management mining activity  
by type (mining activity).  
Average minimum wage/salary in mining by type of occupation.  
Average maximum wage/salary in mining by type of occupation.  
Area of land/sea territorial waters occupied for mining operations.

MANUFACTURING

Sugar and sugar-based industries.

Number of establishments, number of employees and the wages and salaries by sugar and sugar-based industries by type of industries.

Volume and value of manufactured output by type.

Volume and value of exported manufactured products by type.

Volume and value of stocks by type of products.

Food processing sub-sector.

Number of establishments in food processing industry.

Number of employees in food processing industry.

Total wages and salaries in food processing industry.

Volume and value of manufactured food products by major food items.

Volume and value of exported manufactured food items by type of product.

Volume and value of stocks by type.

Textile and textile products, garments and footwear industries.

Number of establishments in textile and textile products, garments and footwear industries.

Numbers employed and total wage bill in textile and textile products, garments and footwear establishments.

Value of output by type of establishment in textile, garments and footwear.

Value of local sales of textile and textile products.

Value of exports of textile and textile products to CARICOM regions.

Value of exports of textile and textile products to extra-regional markets.

Wholesale and retail prices of textile and textile products by type of product.

Volume and value of garments and footwear output by principal types.

Value of local sales of garment and footwear products.

Value of exports of garment and footwear products to CARICOM regions.

Value of exports of garment and footwear products to extra-regional markets.

Wholesale and retail prices of garment and footwear products by type of product.

Printing, publishing and paper convertors.

Number of establishments, number employed, wages and salaries in newspaper printing, publishing and printing and paper convertors.

Volume and value of paper products manufactured by type of products.

Value of local sales of paper products.

Wood and related industries.

Number of establishments, ownership, numbers employed and wages and salaries in wood and related industries.

Number of sawmills in operation.

Volume of lumber reaching sawmills.

Value of lumber reaching sawmills.

Volume and value of dressed wood/lumber produced at sawmills.

Volume and value of local sales of dressed wood/lumber.

Number of furniture establishments.

Numbers employed in furniture establishments.

Wages and salaries in furniture establishments.

Chemicals and non-metallic minerals.

Number of establishments in chemical and non-metallic mineral industries.

Wages and salaries in chemical and non-metallic mineral industries.

Number of employees in chemical and non-metallic mineral industries.

Volume and value of chemical products manufactured for industrial use (gases and liquids).

Cost of production of chemical products manufactured for industrial use (gases and liquids).

Volume and value of local sales of chemical products manufactured for industrial use (gases and liquids).

Volume and value of export chemical products manufactured for industrial use (gases and liquids).

Volume and value of chemical products manufactured for other than industrial use (e.g. fertilizers, paints, etc.).

Volume of local sales of chemical products manufactured for other than industrial use.

Value of local sales of chemical products manufactured for other than industrial use.

Volume and value of exports of chemical products manufactured for other than industrial use.

Volume and value of imported raw material inputs into the manufacture of chemical products other than those for industrial use.

Non-metallic products

Output and value of non-metallic products (glass, cement).

Cost of production of non-metallic products by type of products.

Volume and value of local sales of non-metallic products by type of products.

Volume and value of exports of non-metallic products.

Volume and value of stocks.

Assembly and related industries.

Number of establishments, numbers employed and wages and salaries in assembly and related industries.

Capacity of plants/factory (under normal conditions) for industries by type.

Volume and value of sales of the major assembled products by type of product.

Volume and value of stocks.

CONSTRUCTION

Number of establishments, ownership, number of employed and wages and salaries in construction activities.

Mileage of first class roads constructed.

Total public sector expenditure on construction activities and expenditure on roadways, ports, schools, hospital facilities and other public buildings by category of expenditure.

New building plans approved by type of work and floor area.

New buildings completed during the year by type of work and floor area.

Number, floor space and cost of dwelling houses provided by the private sector.

Number and value of government contracts awarded by type of construction activity.

Local output and value of selected building materials by type (e.g. cement, lumber, sand-gravel, etc.).

Index of minimum wage rates for manual workers in building and construction.

## ELECTRICITY

Electricity generated by public utilities and private plants and the distribution of public supply by type of consumer and quantity consumed.

Value of electricity sold by public utilities to consumer by type.

General installed capacity of electricity plants by government and private.

## WATER

Production of potable water.

2.4

## TRADE

### External trade statistics

Value of imports and exports by SITC sections.

Value of intra-regional trade by SITC sections.

Imports and exports of major commodities - by volume and value.

Imports by origin and exports by destination of major commodities - by volume and value.

Value of imports and exports by economic end use - e.g. consumer goods - intermediate, raw materials, capital.

2.5

## TRANSPORT, STORAGE AND COMMUNICATION STATISTICS

### Transport (road).

Number of motor vehicles licensed by type of vehicle.

Number of government motor vehicles licensed by type of vehicle.

Number of vehicles registered by type of vehicle.

Number of government motor vehicles registered by type of vehicle.

Mileage of railway - (where applicable).

Number of establishments in car rental service by size of fleet.

Number of reported vehicular accidents by degree of seriousness.

### Transport (sea).

Number of ship entries and clearances by registered tonnage (net) and flag.

Volume of direct/transshipment cargo loaded and unloaded.

Volume of direct/transshipment cargo loaded and unloaded to and from CARICOM countries and other countries.

Number of ports and volume of cargo handled by port.

Number of docking facilities and number of ships docked for repairs annually.

Transport (air).

Number of planes in National Air Service.

Number of passengers transported on international routes by the National Airlines.

Number of airplane arrivals and number of passengers transported in and out of international airports.

Total volume of air cargo loaded and unloaded by flag of carrier.

TELEPHONE

Number of telephones installed by type of user: private, business and pay stations.

2.6 FINANCE

Total currency in circulation; notes and coins; currency in commercial banks and currency in active circulation.  
Total money supply (of which demand deposits) and quasi-money.

Commercial banks' assets: total cash, deposits with Central Bank; monetary/currency authority, loans and advances and real estate mortgage loans.

Commercial banks' loans and advances by industrial sectors.

Finance houses/institutions; deposits by type of depositors.

Number of development banks, size of assets, number and value of loans granted.

Number of life insurance companies: foreign assets and domestic assets.

Number of trust companies: foreign assets and domestic assets.

Official foreign exchange reserves.

Value of nominal shares and market value in government securities.

FISCAL ACTIVITIES

Government revenue by major sources of revenue.

Government recurrent expenditure by economic functions.

Government capital expenditure by economic functions.

Government revenue, total expenditure and surplus or deficit.

National public debt: gross, net, foreign and local.

Debt charges (total): debt charges on capital and on recurrent accounts.

2.7 PRICES n.e.c.

Retail price index by sections.

Index numbers of volume and average unit value of imports and exports.

Selected wholesale prices of imported and locally produced goods.

Selected retail prices in principal urban and rural areas.

Scheduled prices of selected goods.

MISCELLANEOUS

Index of manufacturing production.
