Fourth meeting of the negotiating committee
of the regional agreement on access to information,
participation and justice in environmental matters
in Latin America and the Caribbean

Santo Domingo, 9-12 August 2016

ANNOTATED PROVISIONAL AGENDA

A. BACKGROUND AND ORGANIZATION OF WORK

At the United Nations Conference on Sustainable Development, held in Rio de Janeiro, Brazil, on 20-22 June 2012, 10 Governments from Latin America and the Caribbean endorsed the Declaration on the application of Principle 10 of the Rio Declaration on Environment and Development,¹ in which they reaffirmed their commitment to rights of access to information, participation and justice regarding environmental matters, declared their willingness to work towards a regional instrument promoting the full application of those rights and requested the support of the Economic Commission for Latin America and the Caribbean (ECLAC) as technical secretariat. Twenty-one countries have signed the Declaration to date and it remains open for signature by all countries in Latin America and the Caribbean.

In the outcome document of the United Nations Conference on Sustainable Development, entitled “The future we want”, adopted by the General Assembly on 11 September 2012,² among the many provisions referring to Principle 10 of the Rio Declaration, the Heads of State and Government and high-level representatives acknowledged that democracy, good governance and the rule of law, at the national and international levels, as well as an enabling environment, were essential for sustainable development, including sustained and inclusive economic growth, social development, environmental protection and eradication of poverty and hunger. They also underscored that broad public participation and access to information and judicial and administrative proceedings were essential to the promotion of sustainable development and encouraged action at the regional, national, subnational and local levels to promote access to information, public participation in decision-making and access to justice in environmental matters, as appropriate.

Between 2012 and 2014, four meetings of the focal points appointed by the Governments of the signatory countries of the Declaration on the application of Principle 10 of the Rio Declaration on Environment and Development in Latin America and the Caribbean were held: the first in Santiago on 6 and 7 November 2012; the second in Guadalajara, Mexico, on 16 and 17 April 2013; the third in Lima on 30 and 31 October 2013; and the fourth in Santiago, from 4 to 6 November 2014.

At the fourth meeting of the focal points, the signatory countries adopted the Santiago Decision, in which they agreed to commence negotiations on a regional instrument on access to information, participation and justice regarding environmental matters in Latin America and the Caribbean. To that end, they established a negotiating committee, with significant participation by the public, and appointed Presiding Officers, comprising Chile and Costa Rica as co-chairs and Argentina, Mexico, Peru, Saint Vincent and the Grenadines, and Trinidad and Tobago as vice-chairs. ECLAC was requested to prepare a preliminary document on the regional instrument and the Presiding Officers were charged with steering the process, with the support of ECLAC as technical secretariat, with a view to concluding negotiations on the regional instrument by December 2016.

By virtue of resolutions 686(XXXV) and 706(XXXVI), adopted at its thirty-fifth and thirty-sixth sessions, held in 2014 and 2016, respectively, ECLAC took note of the progress made and convergence achieved at the meetings of the focal points and the negotiating committee, which are reflected in the respective reports, and commended the secretariat of the Commission on the progress made in the process.

¹ A/CONF.216/13.

² General Assembly resolution 66/288.

The Committee of the Whole of the Economic Commission for Latin America and the Caribbean took note of the Santiago Decision by virtue of resolution 693(PLN.30), adopted at its thirtieth session, held in March 2015.

Three meetings of the negotiating committee of the regional agreement on access to information, participation and justice in environmental matters in Latin America and the Caribbean have been held to date. At the first meeting, held at ECLAC headquarters in Santiago from 5 to 7 May 2015, ECLAC presented the preliminary document on the regional instrument that it had been requested by the countries to prepare. The negotiating committee adopted its organization and work plan and agreed to hold its second meeting in Panama City, at the invitation of the Government of Panama, in October 2015.

At its second meeting, held from 27 to 29 October 2015, the negotiating committee discussed substantive aspects of the regional agreement. The negotiations focused on the preamble, article 1 and part of article 2 of the document entitled *Text compiled for the second meeting of the negotiating committee by the Presiding Officers incorporating the language proposals received from the countries on the preamble and articles 1 to 10 of the preliminary document on the regional agreement on access to information, participation and justice in environmental matters in Latin America and the Caribbean*. The country representatives also had before them for consideration the document entitled *Proposed modalities for participation of the public in the negotiating committee of the regional agreement on access to information, participation and justice in environmental matters in Latin America and the Caribbean*. Note by the secretariat, which had been prepared by the co-chairs.

At its third meeting, held in Montevideo from 5 to 8 April 2016, the negotiating committee made progress in the negotiations on articles 2 to 5 and numerals 1 and 2 of article 6 and adopted the modalities for participation of the public in the negotiating committee of the regional agreement on access to information, participation and justice in environmental matters in Latin America and the Caribbean.

In the light of the foregoing, the aim of the fourth meeting is to resume the negotiations on the substantive aspects of the regional agreement, continuing, as agreed, with articles 6 to 10, using the third version of the compiled text, before reviewing outstanding issues from the preamble to article 10.

The opening session of the fourth meeting of the negotiating committee of the regional agreement on access to information, participation and justice in environmental matters in Latin America and the Caribbean will take place in the morning of Tuesday, 9 August 2016. Statements will be made by representatives of the Government of the Dominican Republic, as the host country of the meeting, ECLAC, as technical secretariat of the process, the Presiding Officers of the negotiating committee and the public. In this plenary session, the agenda of the meeting will be submitted for adoption. Subsequently, representatives of the signatory countries of the Declaration on the application of Principle 10 of the Rio Declaration on Environment and Development in Latin America and the Caribbean—and observer countries if it is so decided—will have three minutes each to report on the actions taken at the national level, to be followed by statements by a representative of the technical secretariat and an elected representative of the public.

The negotiating committee will then resume negotiations of the regional agreement, using the third version of the text compiled by the Presiding Officers, continuing, as agreed, with articles 6 to 10, using the third version of the compiled text, before reviewing outstanding issues from the preamble to article 10. The negotiations will continue through to Friday, 12 August 2016 at 1 p.m. If it is so decided, the negotiating committee will devote some time before closing the meeting to address other matters. Lastly, any agreements will be adopted before closing the meeting.

B. PROVISIONAL AGENDA

1. Adoption of the agenda.
2. Actions taken at the national level by the signatory countries of the Declaration on the application of Principle 10 of the Rio Declaration on Environment and Development and activities carried out by the secretariat.
3. Negotiation of the regional agreement on access to information, public participation and justice in environmental matters in Latin America and the Caribbean.
4. Other matters.
5. Consideration and adoption of agreements.

C. ANNOTATIONS TO THE PROVISIONAL AGENDA

1. Adoption of the agenda

Delegations will have before them the provisional agenda (LC/L.4188(CNP10.4/1)) for their consideration and adoption. This draft agenda has been prepared by the secretariat in accordance with chapter II of the rules of procedure of ECLAC, bearing in mind the various mandates of the Commission. Representatives of the countries of Latin America and the Caribbean may make such observations or suggest such modifications as they deem appropriate under the aforementioned rules of procedure.

2. Actions taken at the national level by the signatory countries of the Declaration on the application of Principle 10 of the Rio Declaration on Environment and Development and activities carried out by the secretariat

Under this agenda item, the focal points of the signatory countries of the Declaration on the application of Principle 10 of the Rio Declaration on Environment and Development in Latin America and the Caribbean—and observer countries if it is so decided— will have three minutes each to report on the actions taken at the national level as part of the regional process. ECLAC will then report on the activities carried out by the technical secretariat since the third meeting of the negotiating committee in April 2016. An elected representative of the public will be invited to report on the action taken by the public in the region in the framework of the process.
