ECONOMIC COMMISSION FOR LATIN AMERICA

FIRST SESSION

DRAFT RESOLUTION SUBMITTED BY THE DELEGATION OF COLOMBIA
 CONCERNING THE RELATIONSHIP BETWEEN ECONOMICS AND PUBLIC
 HEALTH

CONSIDERING

That the World Health Organization, and the Pan-American Sanitary Organization - the latter as a regional organ of the World Health Organization and also as part of the Inter-American System - have stated through their representatives their desire to co-operate in the solution of problems in which there are both economic and public health interests to be considered;

CONSIDERING

That such co-operation would prove useful in the work of the Economic Commission for Latin America, the Delegation of Colombia proposes the following Resolution:

THE ECONOMIC COMMISSION FOR LATIN AMERICA

CONSIDERING:

That a relationship exists in the solution of economic and public health problems, and that it is advisable to obtain the co-operation of Specialized Agencies engaged in the solution of public health problems;

CONSIDERING:

That the World Health Organization, and the Pan-American Sanitary Organization have expressed their desire to study such problems in conjunction with this Commission, in order to give priority to urgent problems which call for immediate action in the execution of public health

/ programmes in

programmes in Latin America; and

CONSIDERING

That Rules 8 and 9 of the Rules of Procedure provide that the provisional agenda for any session shall include items proposed by Specialized Agencies, after consultation with the Executive Secretary;

RESOLVES:

To thank the World Health Organization and the Pan-American Sanitary Organization and to accept their offer of co-operation in connection with studies to be conducted by the Commission, and to invite them to submit to the Commission, before the next session, a concrete programme of co-operation on problems which justify such co-ordinated action.
