ECONOMIC COMMISSION FOR LATIN AMERICA
Ad Hoc Committee on Economic Development
Fourth session
Mexico, D. F.
Item 5 of the agenda

CONSERVATION AND UTILIZATION OF NON-AGRICULTURAL
RESOURCES

Draft Resolution approved by the Ad Hoc Committee
on Economic Development

THE ECONOMIC COMMISSION FOR LATIN AMERICA,

TAKING NOTE of the statement of Executive Secretary on

"measures relating to international action for conservation and
utilization of non-agricultural resources" (E/CN.12/231),

CONSIDERING the resolution adopted by the Economic and
Social Council (E/1946) providing (A) for the promotion of a
systematic survey and inventory of non-agricultural resources;
and (B) for the holding of international conferences to deal
with particular problems of non-agricultural resources.

CONSIDERING that the resolution in question requests the
regional economic commissions "to consider the present resolution
and to make such recommendations" as they would consider useful.

CONSIDERING that the resolution calls for consultation,

/when appropriate
E/CN.12/AC.12/25

when appropriate, with the regional economic commissions to explore the scope and subject matter of any particular conferences which may be desirable.

NOTES that surveys and inventories of non-agricultural resources in Latin America and the systematic compilation of such information would constitute an important means of furthering the economic development of the region.

RECOMMENDS that in planning conferences of this nature the Secretary-General should take into consideration points 1 to 10 suggested by the Executive Secretary in his note on measures relating to international action for conservation and utilization of non-agricultural resources (E/CN.12/231).
