ECONOMIC COMMISSION FOR LATIN AMERICA
Ad Hoc Committee on Economic Development
Fourth session
Mexico, D.F.
Item 5 of the agenda

SPECIAL INDUSTRY STUDIES

Draft Resolution Approved by the
Ad Hoc Committee on Economic Development

THE ECONOMIC COMMISSION FOR LATIN AMERICA,

TAKES NOTE with satisfaction of the series of special studies on industry undertaken by the Secretariat;

WELCOMES the report on the productivity of the cotton textile industry in selected Latin American countries submitted by the Executive Secretary;

EXPRESSES ITS APPRECIATION of the high quality of that report;

DRAWS THE ATTENTION of all concerned with the industry in Latin America to this work;

RECOMMENDS to member governments that they should take note of the recommendations made by the Executive Secretary in section VIII, entitled "General Recommendations", of chapter I of this report (E/CN.12/219);

CONSIDERS that

(a) in view of the importance of industrial studies to the

/the economic
E/CN.12/AC.12/28

the economic development of Latin America, similar studies should be carried out as soon as possible on the steel, wood pulp and paper, basic chemicals and foodstuffs industries;

(b) in preparing these studies due attention should be paid to the recommendation calling for the continuation of the study on the textile industry; and

(c) the Secretariat should try to obtain the collaboration of the specialized agencies, in particular of the Food and Agriculture Organization, for the studies of the pulp and paper and foodstuffs industries;

RECOMMENDS to the member governments that they should avail themselves of the services of technical assistance open to them under the expanded Technical Assistance Programme of the United Nations;

RECOMMENDS to the member governments concerned that they should consult the Executive Secretary with a view to preparing adequate requests for technical assistance, to be jointly submitted to the Secretary General and to the appropriate specialized agencies;

AUTHORIZES the Executive Secretary to call meetings of industrial experts to examine, on their personal responsibility, the conclusions and recommendations contained in each study before submitting them to the Commission.
