36(AC.16) STUDIES ON PULP AND PAPER  
Resolution adopted on 14 February 1952

The Committee of the Whole of ECLA,

CONSIDERING that in resolution 374 (XIII), the Economic and Social Council recommended that the Regional Commissions share in the task of studying and investigating forestry development and the utilization of forest resources in relation to the manufacture of newsprint;

CONSIDERING that ECLA is working in co-operation with FAO on a preliminary report which deals with wood pulp and paper in Latin America;

CONSIDERING that the representative of UNESCO has indicated the interest of the Organization which he represents in the same problem and has offered the collaboration of that Organization in the work being done on this subject by ECLA;

1. TAKES NOTE of resolution 374 (XIII) of the Economic and Social Council and document E/CN.12/AC.16/7 submitted by the Executive Secretary;
2. TAKES NOTE likewise of the Executive Secretary's statement in his Progress Report (document E/CN.12/AC.16/2/Rev.1) on the wood pulp and paper study;
3. EXPRESSES its concern over the shortage of newsprint and printing paper in Latin America;
4. REQUESTS the Executive Secretary to continue the studies which are being prepared and which deal with the manufacture of paper and wood pulp in Latin America and, furthermore, in the foreign trade studies, to take account of the problem of newsprint and printing paper imports;
5. THANKS UNESCO for its offer to co-operate with ECLA in the research into these problems, and recommends that the Executive Secretary consult with the Director General of UNESCO as to the best method of co-ordinating the work on this subject.
