ECONOMIC COMMISSION FOR LATIN AMERICA
Committee of the Whole
Seventh Session
Santiago, Chile, 28 March 1960

NOTE BY THE SECRETARIAT ON CO-OPERATION WITH
THE ECONOMIC COMMISSION FOR AFRICA

The Secretariat has the pleasure of informing the Committee of the Whole that the following resolution (16 (II)) was adopted at the second session of the Economic Commission for Africa.

16 (II). IN-SERVICE TRAINING

The Economic Commission for Africa,

Welcoming the establishment at United Nations Headquarters of a training course for African economists now in its second year of operation;

Bearing in mind that the other regional economic commissions in Asia, Latin America and Europe, and their secretariats, have already accumulated considerable knowledge and experience in economic research, programming, economic development and techniques of international co-operation in the economic, statistical and social fields;

Expresses the hope that in-service training courses of the United Nations Headquarters will be continued;

Requests the Executive Secretary to arrange, in co-operation and in agreement with the Executive Secretaries of the other regional commissions, in-service training for African economists and statisticians;

Requests further that the Executive Secretary reports to the next session of the Commission on the establishment of in-service training for African economists in the Commission Headquarters in Addis Ababa.

So far as the Secretariat is concerned, there would be no difficulty whatsoever in complying with the wishes expressed by the Economic Commission for Africa and the Secretariat would be very glad to collaborate with it in this field, if the Governments members of the Economic Commission for Latin America so agree.
