261(AC.58) PUBLIC PARTICIPATION AND COMMUNITY DEVELOPMENT

The Committee of the Whole of the Economic Commission for Latin America

Recognizing the importance of programmes based on public participation and community development in accelerating development,

Considering that various Latin American countries have already achieved tangible results in promoting community participation as a means of building up and organizing many services of community interest,

Bearing in mind the contribution of ECLA in providing technical guidance for some of these programmes,

Noting that other international agencies have concerned themselves with this task and are taking action in this sphere,

Recognizes the valuable contribution made by ECLA in the field of public participation and community development;

Requests the secretariat of ECLA, in co-ordination with other international agencies, to redouble its efforts in this field, in particular by encouraging an exchange of experiences and helping to promote programmes in those countries which - while not yet having tried out those programmes - might so request.

262(AC.58) ECLA'S ACTIVITIES IN THE FIELD OF  
TRADE AND DEVELOPMENT

The Committee of the Whole of the Economic Commission for Latin America,

Bearing in mind the programme of activities of the United Nations Conference on Trade and Development for the current year, and in particular the holding of the fourth session of the Trade and Development Board, together with other international meetings and activities of special importance to the trade policy of the Latin American countries, and the fact that the second session of the United Nations Conference on Trade and Development will be held in the relatively near future,

Considering that resolution 1000 (XXXVII) of the United Nations Economic and Social Council expresses the hope that the regional economic commissions will continue their activities with a view to the implementation of the recommendations of the United Nations Conference on Trade and Development,
