SELECTED STATISTICAL INDICATORS

OF CARIBBEAN COUNTRIES

VOL. VII

I N T R O D U C T I O N

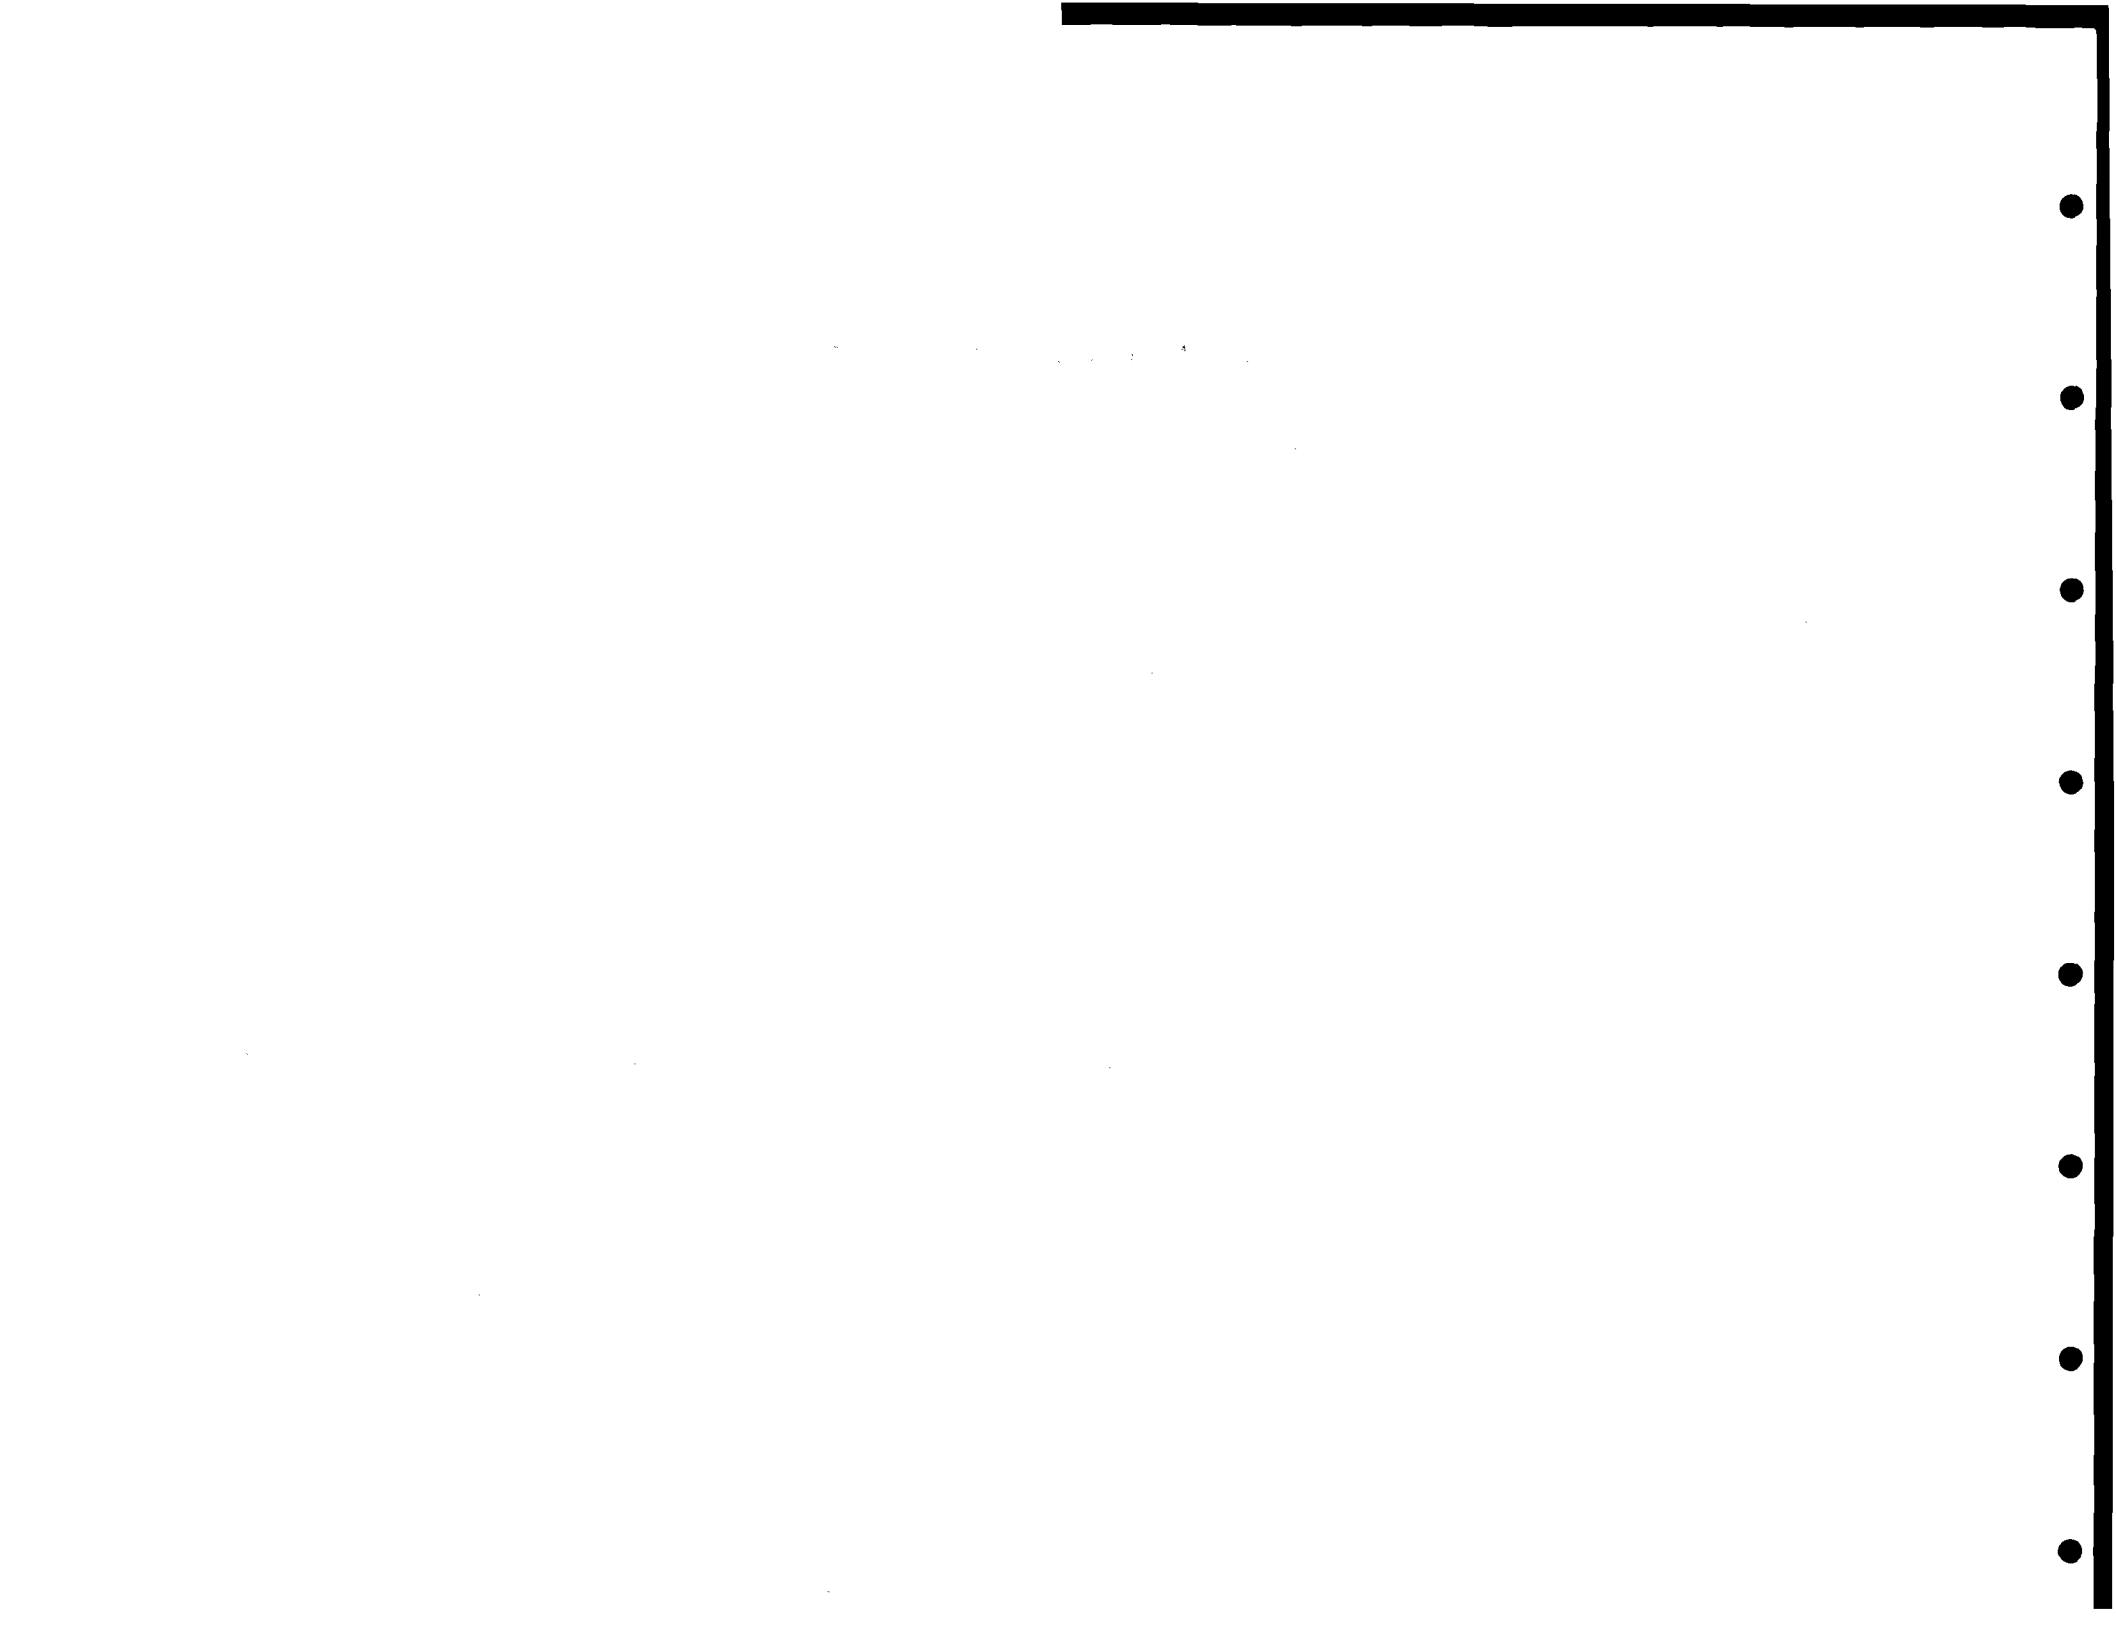

The indication of widespread use and appreciation of this document Selected Statistical Indicators of Caribbean Countries has motivated its update to the seventh edition. The concern to expand coverage to include more elements of economic statistics, coupled with ECLAC's goal to gather and disseminate more social statistics has pointed in the direction of expansion in the hard copy output of the office. Apart from this document, a new publication on Social Statistics will appear.

More use has been made within recent times of the soft copy dissemination modality and to that extent, AMBIONET and the SSI package have been used to satisfy that type of request. The AMBIONET modality of information transfer has no doubt served to demonstrate to Governments the usefulness of connectivity and the desirability of establishing local and wide area networks for the achievement of efficiency in information interchange, especially in order to facilitate the planning imperative. ECLAC's involvement in data collection has heightened its awareness of the problem of data in the subregion. ECLAC has been in the forefront in the drive to establish in the Caribbean integrated statistical databases that would make possible their remote access. Rapid advances in telecommunications and digital technology are bringing the information super-highway closer.

The ECLAC/CDCC Secretariat acknowledges the valuable cooperation of the several statistical offices without whose information the production of the present document would not have been possible.

- <1> 1985: Data not strictly comparable with subsequent years as statistics up to and including 1986 were before Aruba's Status Aparte when Aruba was still a part of the Netherlands Antilles.
- <2> Current revenue for 1986, 1987, 1988 not specified due to different statistical grouping: "Other current revenue" and "capital revenue" were added together making a specification for "current revenue" not possible.
- <3> For years 1985-1988 this figure combines Income Taxes and Income Surtax.
- <4> For years 1986-1988 this figure combines Other Current Revenue and Capital Revenue.
