INTRODUCCION

La presente Bibliografía es una contribución de la Biblioteca de la Comisión Económica para América Latina (CEPAL) y del Instituto Latinoamericano de Planificación Económica y Social (ILPES) para la reunión del "Grupo de trabajo sobre estadísticas de la distribución del ingreso, el consumo y la riqueza" a realizarse en Santiago en la Sede de CEPAL entre el 8 y el 12 de noviembre de 1971.

Ha sido compilada por el señor José Besa García, funcionario de la Biblioteca, quien revisó en forma exhaustiva el material de la Biblioteca, reuniendo todo lo recibido hasta junio de 1971. Con el fin de complementar este trabajo, existe el propósito de ampliarlo en el futuro, con los títulos existentes sobre el tema en otras bibliotecas de Santiago.
