UNITED NATIONS

ECLAC

# Forum of the Countries of Latin America and the Caribbean on Sustainable Development

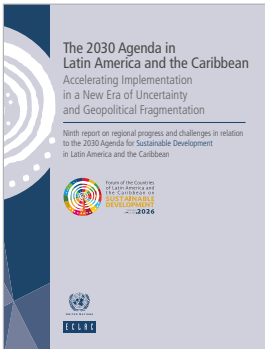

Forum of the Countries of Latin America and the Caribbean on **SUSTAINABLE DEVELOPMENT**  
Santiago 13–16 April **2026**

The Forum of the Countries of Latin America and the Caribbean on Sustainable Development is State-led and is open to all the countries of Latin America and the Caribbean. Convened under the auspices of the Economic Commission for Latin America and the Caribbean (ECLAC), it is governed by the principles of follow-up and review of the 2030 Agenda, adopted by the General Assembly of the United Nations in 2015. It brings together States, the private sector and civil society, as well as the subsidiary bodies of ECLAC, development banks, other entities of the United Nations and regional integration blocs. The objective of the Forum is to provide opportunities for peer learning through various means, including voluntary reviews, the exchange of good practices and dialogue on shared goals.

### 2030 Agenda in Latin America and the Caribbean Regional knowledge management platform

WEBSITE

This Platform serves as a reference and place where all information related to the Sustainable Development Goals (SDGs) can be found, including activities, information resources, statistics, regional data, specific analytical tools and knowledge products developed and made available by the United Nations in response to the needs of member countries.

### Forum of the Countries of Latin America and the Caribbean on Sustainable Development

FORUM SITE

Official website of the Forum of the Countries of Latin America and the Caribbean on Sustainable Development, an intergovernmental mechanism led by the States of the region and open to the participation of all countries. Convened under the auspices of the Economic Commission for Latin America and the Caribbean (ECLAC), it is governed by the principles of follow-up and review of the 2030 Agenda, adopted by the General Assembly of the United Nations in 2015. It provides information on its meetings, outcomes and regional follow-up processes for the Sustainable Development Goals (SDGs).

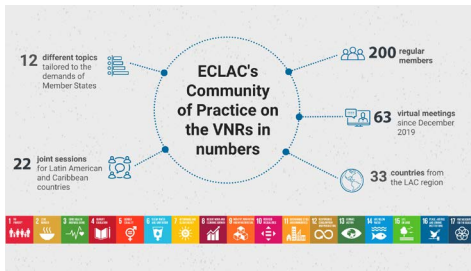

### Institutional Framework Database for Social Policy in Latin America and the Caribbean

WEBSITE

ECLAC database that compiles indicators and official information on social institutional frameworks in Latin America and the Caribbean. It includes legal and regulatory, organizational, technical-operational and financing aspects. It enables analysis of how countries structure, manage and finance their social policies. Its objective is to facilitate the monitoring and comparison of institutional frameworks related to social development in the region.

## ECLAC community of practice on voluntary national reviews (VNRs) for the countries of Latin America and the Caribbean

COMMUNITY SITE

This community supports countries of Latin America and the Caribbean in the preparation of their voluntary national reviews (VNRs) on the implementation of the Sustainable Development Goals (SDGs). It operates as a regional peer learning platform, promoting the exchange of experiences, good practices and tools among governments and other relevant stakeholders

### SDGs in Latin America and the Caribbean: Statistical knowledge management hub

WEBSITE

Statistical section of the regional platform for the 2030 Agenda that compiles data, indicators and resources for monitoring SDGs in Latin America and the Caribbean. It enables the tracking of progress at the global, regional and national levels and facilitates comparative analysis of progress towards sustainable development.

## Bibliografía Agenda 2030 para el Desarrollo Sostenible

Biblioteca CEPAL / Bibliografías / Portal Agenda 2030 esp / Agenda 2030 para el Desarrollo Sostenible / Agenda 2030 para el Desarrollo Sostenible

Agenda 2030 para el Desarrollo Sostenible

WEBSITE

This is an ECLAC research guide to seeking information on the 2030 Agenda and the Sustainable Development Goals (SDGs), with a particular focus on Latin America and the Caribbean. It compiles key resources, documents and sources for study of the Goals. It offers organized content to facilitate access to background information, conceptual frameworks and materials that are useful for understanding and analysing the 2030 Agenda in the region.

### Observatory on Social Development in Latin America and the Caribbean

OBSERVATORY SITE

This ECLAC observatory integrates various platforms and databases on social policies in Latin America and the Caribbean. It compiles information on social protection programmes, institutional frameworks and regional commitments, together with country profiles and analytical documents. Its objective is to support the analysis and monitoring of social development trends in the region.

### Gender Equality Observatory for Latin America and the Caribbean

OBSERVATORY SITE

This observatory is a tool developed by ECLAC to contribute to strengthening machineries for the advancement of women, provide access to official information from the governments of the region and monitor international and regional agreements on women's rights.

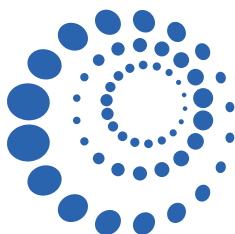

### Observatory on Principle 10 in Latin America and the Caribbean

OBSERVATORY SITE

This is a clearing house analysing legislation, policies, jurisprudence and treaties that ensure the rights of all to access to information, public participation and justice in environmental matters, as enshrined in Principle 10 of the Rio Declaration and the Escazú Agreement.

## Montevideo Consensus on Population and Development Regional Monitoring platform

WEBSITE

This is a platform for monitoring the priority measures of the Montevideo Consensus on Population and Development, the main intergovernmental agreement in this field in Latin America and the Caribbean. It compiles information on implementation progress and related resources, aimed at promoting public policies with a rights-based approach in areas such as health, migration, ageing and inequality.

## Regional Observatory on Planning for Development in Latin America and the Caribbean

OBSERVATORY SITE

This observatory is a dynamic space for analysis, information and the collective construction of knowledge for governments, academia, the private sector and civil society on development planning in Latin America and the Caribbean.

## Urban and Cities Platform of Latin America and the Caribbean

WEBSITE

This ECLAC platform compiles information, data and resources on urban development in Latin America and the Caribbean. It integrates indicators, policies and tools for monitoring the New Urban Agenda and the SDGs at the national and local levels. Its purpose is to support analysis, policymaking and the exchange of good practices in urban development.

## Digital Development Observatory

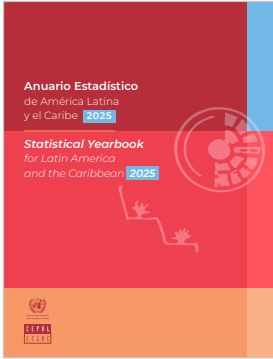

OBSERVATORY SITE

An ECLAC platform that compiles data, indicators, publications and analysis on digital transformation in Latin America and the Caribbean. It enables the examination of trends in areas such as connectivity, the digital economy, digital government and digital skills, supporting the design and monitoring of public policies in the region.
